

KAYAKING & SANDWICHES AMONG ISLANDS

Join us on a 3 hour tour amongst many islands and islets in the archipelago. This is one of our shorter tours that suites everyone, from beginners to experienced paddlers who want to experience the Åland archipelago first hand. Our experienced guides will tailor the route for the group and the weather conditions the day. We will also stop at a small island and enjoy a sandwich made with local ingredients and a cup of coffee or tea.

** In bad weather, the tour can be canceled or rescheduled for safety reasons.*
